Cross Religious Own Materials (What do religions and world views believe about God? How are they similar and different?)

Notes:

Long Term Plan

This 4 year cycle Long Term Plan is designed to cope with the changing structure which occurs within this 3 class school and to accommodate a 4 class structure should that be necessary in the future.

(We have had 3 year groups together in the bottom, middle and top class over the last 3 years due to big differences in the size of some cohorts and where each is in relation to others which causes significant challenge to creating a curriculum to provide progression for all and avoid repeated units.)

The Provision of the Group 2 units provides flexibility to teach year 2 separately if appropriate, but also extra units to choose from according to the need of a particular group and will provide differentiation ideas for year 2 children where they are using lower Key Stage 2 units.

Where year 4 are working with year 5/6 year 4 units in lower Key Stage 2 will provide useful guidance for differentiation.
