

Circuit Challenge Information

On **Friday the 26th of May** the Bishop Wilson PTA will be challenging children to take part in a sponsored circuit training event!

Children will navigate through multiple different stages and will be challenged to carry out each activity for an agreed amount of time, between 1 minute and 3 minutes depending on age and ability.

This is an annual fundraising event that the children absolutely love. The circuit challenge takes place during the school day, and the children work as a team with their classmates, supporting and cheering each other on. We play music, get active and have loads of fun!

The funds raised from this event will be going towards the much-needed outdoor flooring for under the trim trail in the front playground. Our hope is that this play equipment will be used and enjoyed year-round with this new all-weather flooring.

On the reverse side of this letter is a sponsorship form. Please ask your family, friends, neighbours and co-workers to sponsor your child in this fun circuit challenge. Any amount will help the PTA get closer to the goal of improving the front playground with an all-weather flooring for the trim trail. We ask that you please bring all money raised into the school on the day of the circuits. You are welcome to send your student in with cash or cheques made out to: Bishop Wilson Parent Teacher Association or do a bank transfer to: Bishop Wilson Parent Teacher Association, Account: 54895760, Sort Code: 30 91 91.

Many thanks,

Bishop Wilson PTA
